(NAAF/KYC)

WORLD FINANCIAL GROUP
INSURANCE AGENCY
OF CANADA INC.

A Transamerica Company

World Financial Group Insurance Agency of Canada Inc.

Clients should always read the Information Folder and ensure that a product is right for them before investing. All investments inherently carry a degree of risk, and clients should ensure that they are comfortable with the risks associated with their investment before their purchase.

SEGREGATED FUND CONTRACT APPLICATION - DISCLOSURES AND DISCLAIMERS

All the details of the contract benefits and provisions that you should know about this segregated fund contract are contained in the Information Folder and Policy Contract. Please refer to them and review any questions you have with your agent.

Please note that the value of your contract can go up or down subject to the guarantees. Any withdrawals you make will reduce your guarantees. For full details, please refer to the appropriate section of the Insurer's Information Folder and the segregated funds contract. Also, note that the contract maturity date establishes when the contract guarantees will come into effect.

Segregated funds are investment products. The performance of the investment options available in segregated funds is not guaranteed. You should carefully consider your **tolerance for risk** when you select an investment option. Other critical factors to consider are your **investment time horizon**; your **investment knowledge** and your **investment objective**.

POINT OF SALE DISCLOSURE

At the time you enter into a segregated fund contract, you must be presented with key documents.

- The **Information Folder** must be delivered to you before you sign the application for the segregated fund. The Information Folder must contain a **Key Facts** document that briefly describes the key features of the contract.
- You may choose to receive these disclosure documents either physically (in person, mail or fax) or electronically (e-mail or viewed online). You must sign acknowledging receipt of these documents.
- You need to be aware that the insurer must offer a two-day rescission right (i.e. free exit) that applies to the decision to enter into the contract and/or any fund selection.

COMPENSATION DISCLOSURE STATEMENT

World Financial Group Insurance Agency of Canada Inc. (WFGIA), in performing our services on your behalf, may be eligible to receive compensation from one or more sources. Your agent can give you a complete explanation of the compensation he or she will receive if you buy insurance products, such as segregated funds.

TERMS AND CONDITIONS

A withdrawal from one fund, and a deposit to another, will result in the funds being out of the market for at least one valuation day. Unit values fluctuate daily and there is a risk of being out the market during a unit value change.

- The withdrawal transaction could negatively affect the value of the contract's Death Benefit Guarantee.
- The withdrawal transactions could negatively affect the value of the contract's Maturity Guarantee.
- The withdrawal may result in a capital gain or a capital loss since it creates a taxable disposition (non-registered contracts only).
- You may be charged deferred sales charges for the withdrawal portion of this transaction.
- Movement between sales charge options must be within the same guarantee class.
- You have the right to change your mind within two business days of either the date you received confirmation, or five business days after it is mailed. With written notification we will refund the lesser of, the value of your deposit or the market value of the day we receive your request. Fees and charges will be refunded.

RESPONSIBILITY

You will not hold WFGIA liable for any loss or any failure to obtain any profit that is caused directly or indirectly by government

restrictions, exchange or market rulings, suspension of trading, unavailability of any Electronic Service to allow for maintenance, updates or other reasonable cause, wars, strikes or other conditions beyond its control, or any errors or omissions in connection with or in the handling of orders relating to the purchase, sale, execution or expiration of any trades or any related matter, unless WFGIA was grossly negligent.

WFGIA will not act on any verbal instructions. In order to process a purchase, switch, sale, or any other transaction, written instructions will be required. WFGIA hereby guarantees repayment of any monetary loss that is incurred by the applicant as the result of a sale of segregated fund shares or units contemplated by this client application form, provided such loss is directly attributable to fraud, theft or negligence on the part of WFGIA, or an employee thereof.

BORROWING MONEY FOR INVESTMENT PURPOSES

Leveraging consists of borrowing money for investment purposes. This allows you to make a larger investment than if you only draw on your own savings. For the purposes of this information sheet, assume that leveraging involves borrowing at least \$15,000 for an investment and repaying the loan over several years. **Borrowing to invest can involve significant risk.**

Before you use leveraging:

1. Read the documentation received on the risks of this strategy.
2. Determine your tolerance for risk. Make sure you have fully understood and evaluated the risks of borrowing to invest and that this strategy fits into your risk profile.
3. Make sure that your investment horizon is long enough (5 years minimum).
4. Make sure you fully understand the tax impact of this strategy.
5. Borrow only what you can repay without having to sell your investment. Do not borrow more than you can repay.

Know exactly how much money you would lose in a worse-case scenario. For example, would you be able to handle a 30% decline in the value of your investments?

YOU HAVE A MEDIUM TO HIGH TOLERANCE FOR RISK

You should be comfortable with the risk of borrowing for investment purposes. This strategy is not appropriate for conservative investors whose profiles call for investments with a low level of risk. This strategy is more suitable for investors with long-term investment horizons (5 to 10 years). It is not suitable for older investors or those approaching retirement who seek to maximize income and preserve capital.

YOUR TAX RATE IS FAIRLY HIGH

Borrowing money to purchase a segregated fund is particularly suitable for investors with fairly high tax rates because the interest payable on the loan is tax deductible. However, borrowing is not necessarily a good strategy based solely on tax benefits. You should not consider only this criterion when deciding whether or not to use leveraging.

YOU ARE IN A HEALTHY FINANCIAL POSITION

You should be able to repay the loan in addition to the interest stipulated in the loan agreement. Generally, a loan for the purchase of an investment should not exceed 30% of your net worth and 50% of your net liquid assets. For example, if your net liquid assets total \$200,000, you should not take out a loan for more than \$100,000.

YOU HAVE THE REQUIRED KNOWLEDGE

You should be aware of the risks associated with borrowing for investment purposes. When you use leveraging, the value of the securities purchased could decline and be lower than the value of the loan. You may be required to incur losses according to the terms of the loan. Furthermore, if you rely on the return generated by the securities you have purchased to cover the payments on the loan, you may be unable to repay the loan.

ONCE YOU HAVE TAKEN OUT A LOAN

Notify your agent if your financial position changes. For example, divorce, loss of employment or retirement are events that should prompt you to review the suitability of leveraging. Monitor interest rates because when they rise, the cost of borrowing usually increases.

THE DRAWBACKS OF BORROWING FOR INVESTMENT PURPOSES

The return on your investments may be lower than the borrowing rate (after income tax is taken into consideration) and your investments may lose value, and your financial institution may demand repayment of the loan. Remember:

- You will need to repay the loan in full
- You will need to pay all accumulated interest

FILING A COMPLAINT

A market conduct complaint is any complaint that brings into question the actions of agents in regards to his/her conduct in connection with the sale, sales development or service of WFGIA approved insurance products. It is an expression of dissatisfaction against the insurer or your agent with the identification of real or potential harm that you have experienced, or may experience, and your request for remedial action.

For more information on how to file a complaint, contact the Compliance Department of the insurance company that issued the contract or the Compliance Department at World Financial Group Insurance Agency of Canada Inc.

PERSONAL INFORMATION

World Financial Group Insurance Agency of Canada Inc.
